Personal statement

I want to achieve a prestigious position in educated world and to enhance my knowledge, skills and experience while taking more responsibility and contribution to the growth of the organization.

Work experience

UG Research Assistant

Cooch Behar Govt. Engg. College
West Bengal, India
2018.04 - 2021.09

Research Topic: Machine Learning, Artificial Intelligence and Pattern Recognition. Developed various nature inspired evolutionary algorithms to perform data clustering, image processing and other engineering optimization tasks under the supervision of Prof. Dr. Sourav De.

SWE Intern (Computer Vision)

Ogive Technology LLP
Hyderabad, India
2021.02 - 2021.05

Worked on various live projects and made Facial Recognition System; AI based security and surveillance system for attendance monitoring, visitor management, intruder detection using IP camera; Virtual Assistance.

Data Science and ML Intern

Xavier Institute of Social
Service Ranchi, India
2019.05 - 2019.07

Title: Multi-dimensional Clustering Using Modified Particle Swarm Optimization. Developed and modified the Particle Swarm Optimization for multi-dimensional Clustering under the supervision of Prof. Dr. Rik Das.

Deep Learning Research Intern

Indian Institute of Technology Patna
Bihar, India
2018.12 - 2019.01

Title: Attention Based Convolutional Neural Network to Predict Protein-Protein Interactions. Worked under the supervision of Prof. Dr. Sriparna Saha.

Deep Learning Research Intern

Jalpaiguri Govt. Engg. College
West Bengal, India
2018.06 - 2018.08

Title: Iris Flower Data and Image Classification using Convolution Neural Network. Worked under the supervision of Prof. Chinmoy Ghosh.
